

19 June 2023

# NEASPEC Expert Group Meeting on Desertification and Land Degradation and Climate Change: Subregional Approaches and Activities

# Meeting Objective \_\_\_\_\_

The Meeting aims to develop NEASPEC's subregional approach and activities on desertification and land degradation, for consideration of member States.

# Meeting Programme

---

**Session 1: Status, trends and impacts of DLD**

**Session 2: Drivers and risks of DLD**

**Session 3: Approach & potential activities for NEASPEC**

**Field visit to an abandoned mining site & overgrazed land with ongoing degradation**

# After the meeting

---

## *July and August*

Develop NEASPEC's work programme on DLD

## *August to September*

Consultation with partners to avoid duplication & create synergies

## *September to November*

Submission to NEASPEC member States for approval

## *2024~*

Implementation of approved activities on DLD

# Thank You
